QUALITY IS OUR CONCERN

ECORACK 19" Wall Mount 600*450 CABINET

ECORACK series wall mounted rack cabinets designed for superior performance and gives maximum performance on cabling and networking infrastructure; in addition, it provides a very relative economy compared to its quality which is based on high technology industry.
ECORACK series is available in 7U, 9U, 12U and 16U and heights with 600x450mm or 600x600mm sizes. Stability is given due to the welding spots. Side sections are detachable and installation on the wall is easy so it can be implemented quickly.
Lockable safety-glass door. 210° door opening angle. 1-point locking mechanism on the front door. 19" galvanized profile rails mounted on the front side inside of the cabinet. 600mm depth cabinets have 19"profile rails both on the front and rear side. Top case has a ready Forced Ventilation (Fan Module) integration area. This area is with pre punched slots even without Fan integration provides passive heat removal function via convection.

General Features

- Safety class rating IP20
- Available in 7U, 9U, 12U and 16U heights
- Mono-block welded top and bottom cases
- 3 grounding points (bottom, side panel and front door)
- 19" galvanized profile rails marked with U height position
- Roof is prepared for fan units (punched out entries)
