

VOYGAR SERVER 19" FLOOR MOUNTED Type 800x1100MM CABINET

VOYGAR SERVER CABINET series are designed to provide maximum performance with a professional technical and aesthetic look for a wide range of applications in the data, security, audio visual and telecommunication field and available in range of heights and depths. Enhanced Strength, ease of use and aesthetics are priorities of SERVER CABINET design. Each cabinet has a ventilated roof for better air circulation. Fully adjustable front and rear profile rails and large cable entries of the cabinet, make this product extremely attractive to installers who needs server cabinet. Each rack consists of up to 1.5 mm strong steel sheet material which ensures a very good stability as a robust steel construction due to special plate curving technique and a load capacity up to 1500kg can be reached. Sliding balance bars with leveling feet in front provides better stability based on center of gravity. An extensive accessories portfolio for plinths, shelves, cable management, etc. will help to meet many requirements in daily use.

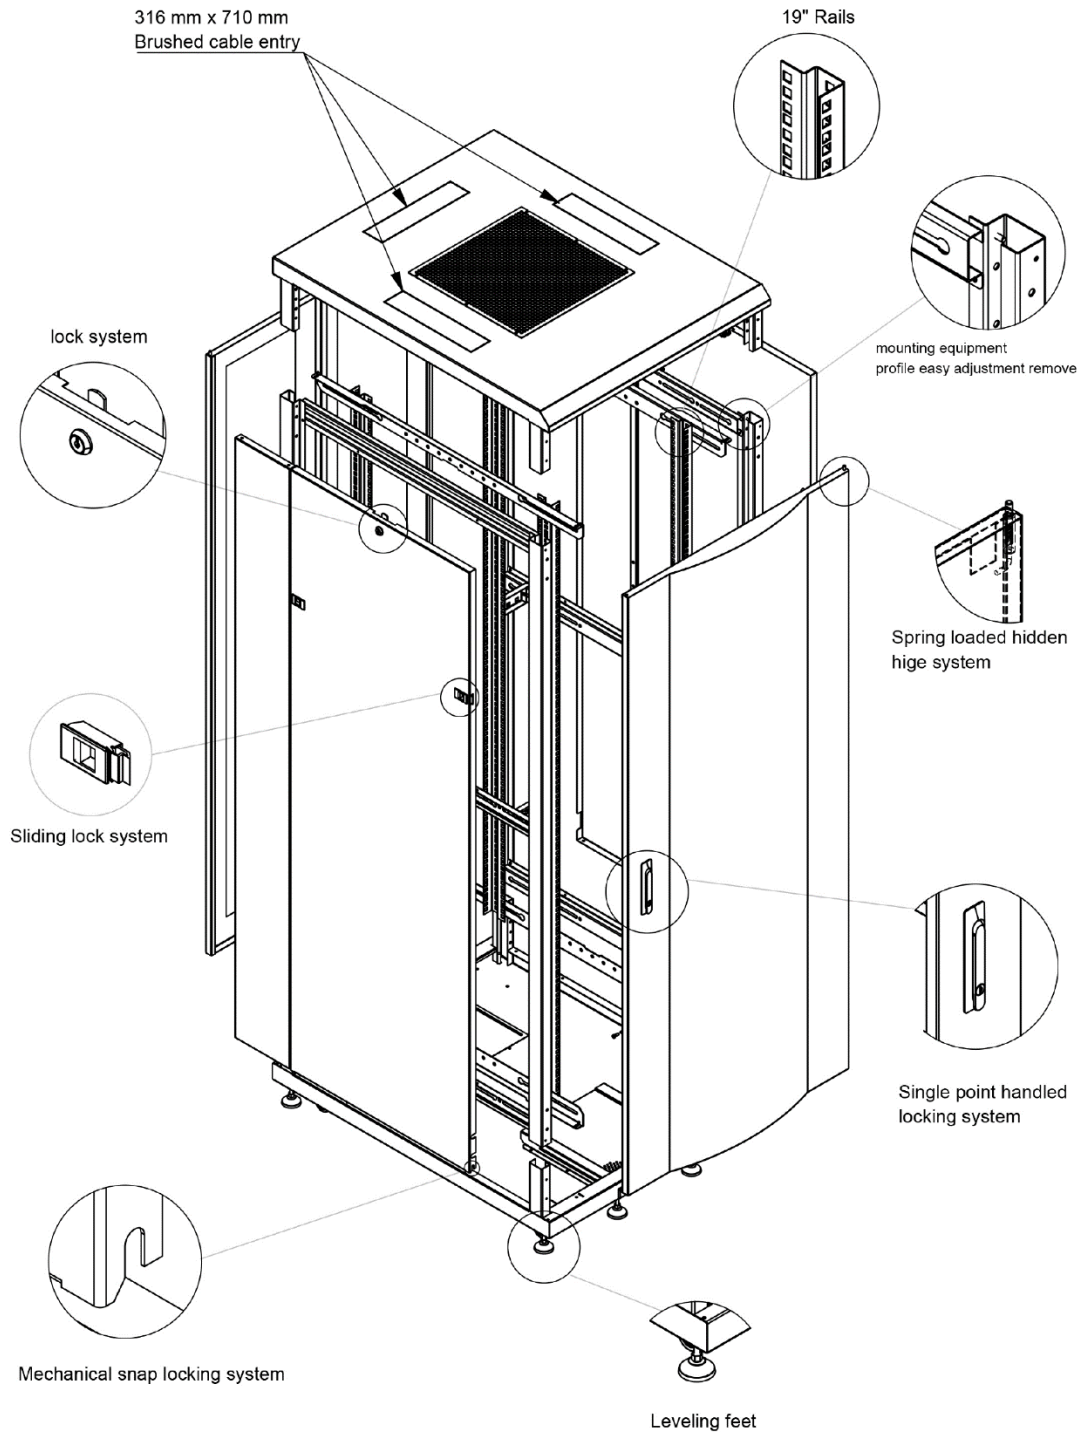

General Features

- Safety class rating IP20
- 360° spendable with castors
- Sliding balance bars with leveling feet in front
- Ventilated roofs make air circulation better and reaching fan modules easier
